

CAT7 KEYSTONE

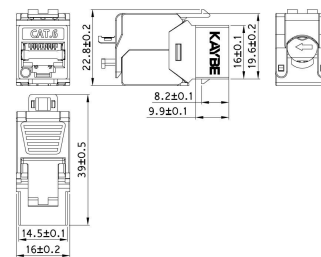

PRODUCT NO.: C7STPKJ180-4

DESCRIPTION: KB CAT7 10G Grande Series - TOOL LESS SHIELDED KEYSTONE JACK -(UL)

The KAYBE CAT7 10G Grande Series Tool-Less Shielded Keystone Jack (UL) ensures ultra-fast, interference-free data transmission. Its toolless design allows quick and secure installation while maintaining superior shielding. Ideal for high-performance networking in data centers and enterprise environments.

Schematics drawings

PRODUCT ATTRIBUTES

- High-Density Design For 1U 24/48 Port Keystone Panel.
- Cable-Clamper Design And Pre-Lock IDC Cap Make Installation Efficient.
- IDC Housing Wall Improve Hi-Pot Insulation Performance.
- Component-Rated Performance.
- Support 4PPoE 100W IEEE 802.3bt.
- UL Listed & RoHS/REACH Compliant.

SPECIFICATIONS

RJ45 Jack	Zinc die-casting with nickel plated
Contact	50 U"
Clamper	PC, UL94V-2
IDC	PC, UL94V-2
PCB	FR4, UL 94V-0
Suitable Cable	23-26AWG stranded and solid wire
Mating Cycles	≥ 750 Cycles
Operating Temperature	-10°C ~ 60°C (ISO/IEC 11801, TIA-568.2-D)
Insertion Force	20N max. (IEC 60603-7-4)

ORDERING INFORMATION AS PER FOLLOWS

PART NO	DESCRIPTION	PACKAGING
C7STPKJ180-4	CAT7 10G - TOOL LESS SHIELDED KEYSTONE JACK - 180 DEGREE (UL)	50PCS/BOX 500PC/CARTON
