

SC/UPC SINGLE MODE FIBRE OPTIC PIGTAIL

PART NO.: KB-FPSM-SC

DESCRIPTION: SC/UPC single-mode pigtail for low-loss fibre terminations

The KAYBE SC/UPC Single Mode Fibre Optic Pigtail is designed for precise and reliable fibre terminations in network and telecommunication systems. It provides low insertion loss and stable performance, making it ideal for long-distance, high-speed data transmission. Equipped with an SC/UPC connector and high-quality single-mode fibre, it ensures dependable connectivity for splicing and patch panels.
