1. KAYBE DURA NETWORK CABINET SERIES

ELITE SERIES

1. KAYBE ELITE NETWORK DATA CENTER CABINETS

POWER DISTRIBUTION UNIT (PDU)

1. 19" STANDARD 1U POWER DISTRIBUTION UNIT WITH 6XUK STYLE PORTS
2. 19" STANDARD 1U POWER DISTRIBUTION UNIT WITH 6XUNIVERSAL STYLE PORTS

WALL MOUNT NETWORKING CABINETS 4 U TO 18 U

DESCRIPTION: Versatile 4U to 18U wall-mounted cabinets for organized networking equipment.

The Kaybe Wall Mount Cabinets offer a versatile and space-efficient solution for securing and organizing your networking equipment. Available in various sizes ranging from 4U to 18U, these cabinets are designed for easy wall mounting, making them ideal for offices, server rooms, and small network installations.

Front side view

Back side view

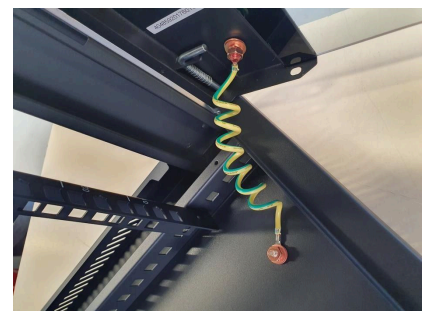

Removable side panels

Cabinet shelf (optional)

Front tempered glass door

Ground wire (optional)

KEY FEATURES

1. 19-inch standard design for universal equipment compatibility
2. Removable side panels with optional side locks
3. Cable entry knock off holes provided on top and bottom
4. Front door opens beyond 180 degrees for accessibility
5. Designed for quick and easy mounting installation
6. Unassembled packaging reduces shipping space and costs
7. Optional fans, shelves, and PDUs available

Networking Cabinets

KAYBE DURA NETWORK CABINET SERIES

DESCRIPTION: Versatile 18U to 47U free-standing cabinets for scalable networking equipment.

The Kaybe Dura Network Cabinet Series offer a robust and scalable solution for organizing and securing your networking and IT equipment. Available in various sizes ranging from 18U to 47U, these cabinets are designed for flexibility and can accommodate larger setups in data centers, server rooms, and networking environments.

KAYBE ELITE NETWORK DATA CENTER CABINETS

DESCRIPTION: High-capacity cabinets with superior ventilation for demanding deployments.

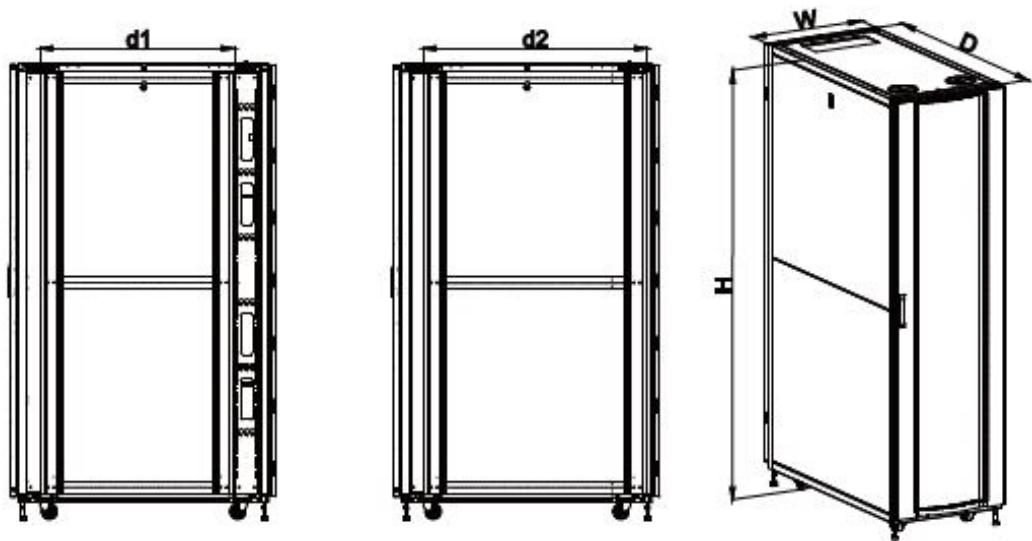

The Kaybe Elite Network Cabinet Series is purpose-built for **modern data center environments**, delivering exceptional strength, reliability, and advanced thermal performance required for mission-critical infrastructure. Designed specifically to support the evolving needs of high-performance data centers, the series features a fully welded frame structure and high-ventilation mesh doors that ensure ultra-high load-bearing capacity and optimized airflow management. This makes it highly suitable for high-density server deployments, hyperscale and enterprise data centers, supercomputing clusters, and AI-driven infrastructure environments where efficient cooling, structural integrity, and continuous uptime are essential.

Technical Drawing

Main Dimension

KEY FEATURES

- 1. High-strength welded frame supports 2000kg static loads
- 2. Dynamic load capacity reaches 1200kg for reliability
- 3. Compatible with servers from various leading brands
- 4. Adjustable 19-inch mounting rails customize equipment depth
- 5. Tool-free segmented side panels simplify maintenance operations
- 6. 85% ventilation efficiency ensures optimal airflow throughout
- 7. Multiple cable access points simplify cable organization
- 8. Integrated management features enable neat cable routing

KAYBE®

POWER DISTRIBUTION UNIT

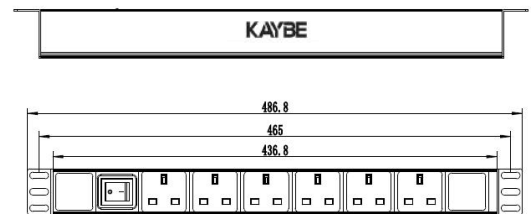

PRODUCT NO.: KB-6UKAL-PDU

DESCRIPTION: 19" standard 1U Power distribution unit with 6xUK Style ports

The KAYBE 19" Standard 1U Power Distribution Unit (PDU) features six UK-style ports for efficient power management in rack-mounted systems. Its durable design ensures reliable performance and easy installation in server rooms and data centers. Ideal for structured power distribution in IT and networking environments.

Schematics drawings

PRODUCT ATTRIBUTES

- 19" Standard 1U Power Distribution Unit With Switch
- 6 Ports UK Type Sockets With UK Cable Plug
- Easy Mounting Installation
- 2-Meter-Long Copper Cable With Fuse UK Power Plug

PHYSICAL CHARACTERISTICS

Main Material	Aluminum Silver Frame
Thickness	Mounting profile 1.5mm
Surface Finish	Degreasing,smooth matte, phosphoric, powder coated
Degree Of Protection	IP20
Color	Grey RAL7035
Ordering Part No.	KB-6UKAL-PDU
Packaging	1pc individually
Master Packaging	10pcs packaged in a master carton
